

# Priority Access Program - Blackhawk

## Ultimate Solutions, Inc.

*Keep your project  
moving forward  
and ahead of  
schedule with the  
help of our  
Support Team*

### *Priority Access Program (PAP)*

When you subscribe to USI's Priority Access Program, help is only a phone call away! USI's Technical Support Team provides support for the Blackhawk line of JTAG Emulators. Also, all versions of TI Code Composer Studio (CCS) purchased with a Blackhawk unit will be covered with this support package. In addition, your hardware warranty will be extended from one year to two years. *One source for all your support needs!*

Subscribe today to USI's Priority Access program to tap into our staff of embedded specialists, who can assist you with isolated problems that may be bringing your project to a screeching halt.
