

# Priority Access Program - ZY1000

## Ultimate Solutions, Inc.

*Keep your project  
moving forward  
and ahead of  
schedule with the  
help of our  
Support Team*

### *Priority Access Program (PAP)*

When you subscribe to USI's Priority Access Program, help is only a phone call away! USI's Technical Support Team provides technical support for the ZY1000 JTAG Debugger tools.

Subscribe today to USI's Priority Access program to tap into our staff of embedded specialists, who can assist you with isolated problems that may be bringing your project to a screeching halt.

In addition to gaining access to our Technical Team, the PAP program enables subscribers to obtain automatic notification of any software updates that may be critical to your project.
